THE CAR IS BACK

Dacia Striker is breaking new ground with a fresh and innovative vision of the modern car. With its sleek, aerodynamic and robust silhouette, it communicates a sharp, distinctive style. Designed to suit all uses, whether in town or off the beaten track, Dacia Striker combines affordability and versatility thanks to a comprehensive range of powertrain options: hybrid, 4x4 hybrid, petrol and LPG.

UNCOMPROMISINGLY MODERN

With its dynamic profile, combined with a vertical front end and raised ground clearance of up to 200 mm, Dacia Striker breaks the mould and redefines the genre. The new Frost Green and Cosmic Blue colors, enhanced with Starkle® details, accentuate its distinctive contemporary look.

At both the front and the rear, its strong T-shaped brand light immediately sets it apart. Durability is at the heart of every detail: the wheel arches, door sills and front and rear bumpers are made from Starkle®, a material derived from recycled materials. The alloy wheels, up to 19 inches(1), with a diamond-cut finish, complete a look that is both elegant and robust.

Front and rear T-shaped brand lights

Details – Snorkel

19"(1) diamond-cut finish alloy wheels

The elongated roofline, extended by a spoiler, emphasises the sleekness of the silhouette. The flush-fitting roof bars and the panoramic sunroof contribute to a sleek design, whilst optimising aerodynamics.

Roof spoiler

(1) Optional.

DESIGNED FOR YOUR EVERYDAY COMFORT

In keeping with the exterior design, the interior of Dacia Striker prioritises space and light. The dashboard, which is structured across different levels, combines fabric elements with inserts made from recycled materials, creating visual continuity whilst enhancing the sense of protection and perceived quality.

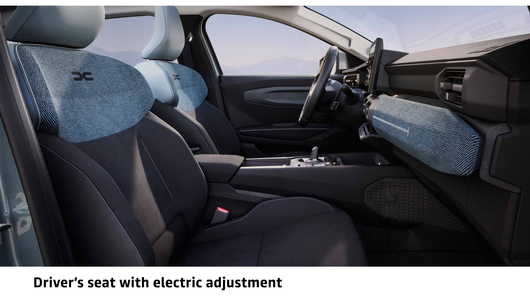

In front of the driver, the 7" LightVisio dashboard display, with its unique floating effect, shows your driving data with optimum clarity whilst reducing eye strain. The intuitive, connected 10.1" multimedia touchscreen offers smooth navigation and allows you to customise the information that's most useful to you.

New 7" LightVisio dashboard display

Both the front and rear seats are ergonomically designed to ensure a comfortable ride. The semi-electric driver's seat makes it easy to adjust its position. Their microcloud fabric and plastic-coated textile upholstery, enhanced by decorative stitching, helps to create an elegant and welcoming atmosphere.

Driver's seat with electric adjustment

The attention to detail is evident in the zigzag top stitching on the dashboard, which is repeated in the upholstery to create a subtle and consistent visual harmony.

CONFIGURE AND ORDER

NEW HORIZONS

With its fixed panoramic sunroof measuring 1.2 m x 0.8 m – or 0.94 m² – Dacia Striker opens up the passenger compartment to new horizons. Natural light enhances the feeling of space, whilst ensuring optimum thermal comfort thanks to a filter that blocks up to 99% of UV rays. It effectively blocks out the sun's heat in summer whilst retaining it inside in winter.

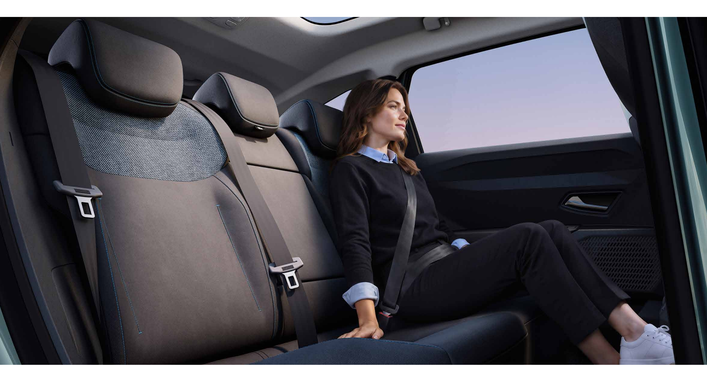

On board, acoustic comfort creates an environment that is perfect for getting away from it all. The Arkamys® 3D audio system with six speakers delivers an immersive sound experience for the ultimate listening pleasure.

Arkamys® 3D audio system with 6 speakers

With its five full-size seats and 234 mm of legroom in the rear, Dacia Striker comfortably accommodates all passengers. Both the front and rear seats are contoured and offer generous seating space, designed with everyone's comfort in mind.

5 full-size seats with generous legroom

PRACTICAL AND CLEVER

Designed to suit all uses, the interior offers a wide range of storage solutions, with up to 31 litres of space available. Discreetly integrated into the passenger compartment and boot, up to 9 YouClip® mounting points offer practical and versatile options for hanging, placing or storing everyday accessories.

At the front, the high console offers generous, versatile storage space, including an extra-large compartment under the armrest. The repositionable cup holders, which are YouClip®-compatible, can be adapted to suit everyone's needs. The integrated cable pass-through and USB-C sockets on the dashboard make connectivity easy, whilst a seamlessly built-in ice scraper remains easily accessible on the driver's side.

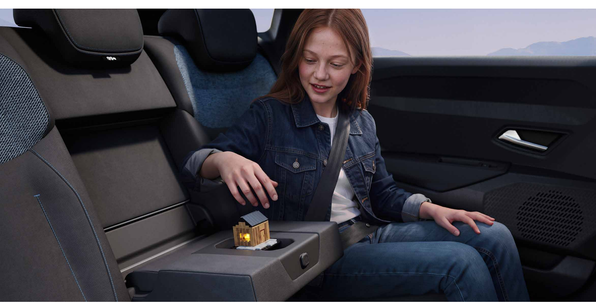

Integrated cable pass-through

Integrated ice scrapper on the driver's side

At the rear, the layout is designed with all passengers in mind, featuring an armrest that can hold children's toys, everyday items or cups. The pockets on the backs of the front seats, along with four YouClip® attachment points, round off this layout, making the interior even more practical.

Multifunctional armrest

INGENUITY ALL THE WAY TO THE BOOT

Designed to make everyday life easier, the boot offers a load capacity of up to 600 litres(1) and clever versatility. Its electric tailgate with hands-free opening(1) makes access easier, whilst the low loading sill makes loading and unloading a breeze. The 60/40 split-folding rear bench seat, with Easy Fold control handles accessible from the boot, makes it easy to adapt the space to accommodate even the bulkiest items. The modular double floor(1), which can be divided into three sections, promotes a clear and functional layout.

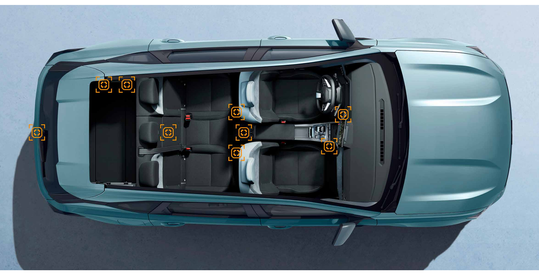

Clever and flexible, the double floor can be converted into vertical partitions to divide the space. It is reversible, featuring a carpeted side and an easy-to-clean side for hassle-free use. The rear seat bench, which can be split into two sections, makes it easier to access the boot and fits perfectly under the false floor, providing full access and optimal organisation.

Every detail makes it easier to use: three YouClip® mounting points, two light sources(1), a 12 V socket, four lashing points and two hooks for securing or hanging items.

Up to 9 YouClip® points: 6 in the cabin and 3 in the trunk, with 2 additional points available as accessories behind the headrests

(1) Depending on version.

CONFIGURE AND ORDER

HYBRID IN THE GENES

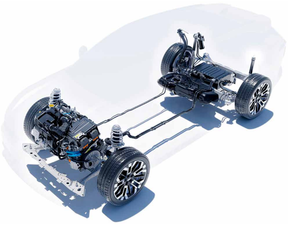

With its self-charging hybrid powertrains, 2- or 4-wheel drive and petrol/LPG dual-fuel system, Dacia Striker offers a long range, the freedom to drive in electric mode in town, optimised fuel consumption, low running costs and reduced CO_2 emissions.

HYBRID 155

MILD HYBRID-G 140[1]
PETROL/LPG
ENGINE

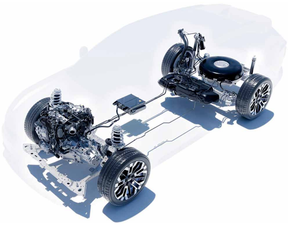

HYBRID 155 ENGINE
featuring self-charging hybrid technology, offering a range of 1,090 km and up to 80% electric city driving. It offers fuel savings of 40%[2]. The battery recharges automatically during deceleration and braking, ensuring simple and hassle-free use.

HYBRID 150 4X4 ENGINE
150 hp combined with self-charging hybrid technology and an electric engine on the rear axle for optimum 4x4 traction. The five driving modes (Eco, Auto, Snow, Mud/Sand, Off-road) allow you to adapt the vehicle to any situation. You'll enjoy a range of 840 km and drive in all-electric mode 60% of the time in town.

MILD-HYBRID-G 140[1] **ENGINE**
The petrol/LPG dual-fuel system, combined with an electric engine, offers a combined range of up to 1,600 km. Use costs, while reducing the CO_2 emissions up to 10%[3].

(1) Mild hydrid-G 140 engine is available with either an automatic or a manual gearbox. (2) Based on the European average.
(3) Compared to an equivalent gasoline engine.

GENUINE 4X4 CAPABILITIES

With its high ground clearance of up to 200 mm and its Starkle® wheel arch inner liners, the 4x4 version is ready to tackle any terrain. The 6-speed dual-clutch gearbox, combined with the steering wheel-mounted paddle shifters, adjusts its responsiveness to ensure a controlled driving experience in all circumstances.

Whether in everyday use or on the most challenging terrain, the 4x4 drivetrain with all-wheel drive, powered by a rear-mounted electric engine, offers greater stability and control. The five driving modes – Eco, Auto, Snow, Mud / Sand and Off-road – adapt to every situation and feature automatic hill-descent control for safe driving.

AN INTUITIVE MULTIMEDIA EXPERIENCE

With Media Nav Live and wireless smartphone mirroring, compatible with Apple CarPlay® and Android Auto™, access your apps, playlists and sat-nav directly on the 10.1" connected touchscreen. Keep track of all the driving information thanks to the new 7" LightVisio dashboard display.

Stay connected to your car remotely with the MyDacia app. Use your smartphone to access key information (mileage, range, etc.), track your vehicle's location or plan your journeys with ease. Other services, such as the connected maintenance, are there to support you in your everyday life.

MyDacia app

The new-generation induction charger, which is MagSafe-compatible and features a ventilation system, ensures fast and simple wireless charging.

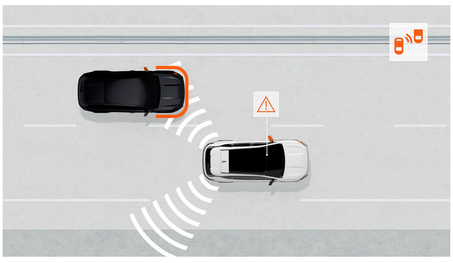

Latest-generation induction charger

Android Auto™ is a trademark of Google Inc. Apple CarPlay® is a trademark of Apple Inc.

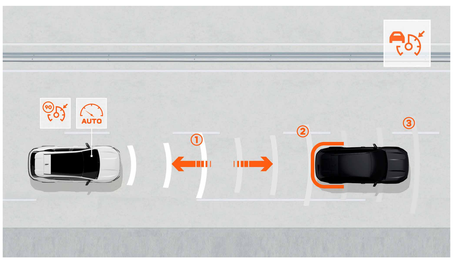

CONFIGURE AND ORDER

DRIVE IN COMPLETE SAFETY

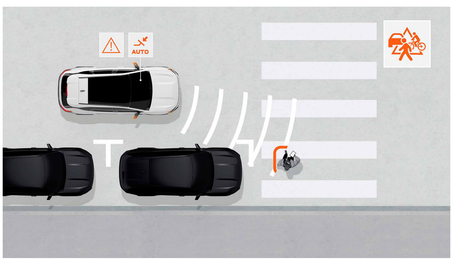

Dacia Striker is equipped with advanced driver-assistance systems, combined with a reinforced body structure, to deliver both driving pleasure and safety. Using the My Safety button, you can easily customise some of these systems to suit your preferences.

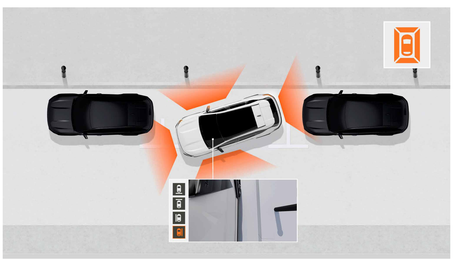

BLIND SPOT WARNING
This aid monitors the driver's areas of restricted vision to warn them with a visual signal if another vehicle or road user is in the area, allowing them to make lane changes safely.

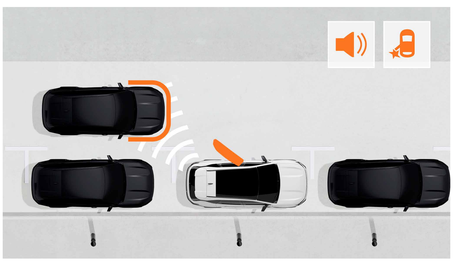

ADAPTIVE CRUISE CONTROL
Let cruise control adjust the safe distance from the vehicle in front.
The vehicle will slow down if the distance is too short and the car accelerates again when the traffic becomes more fluid.

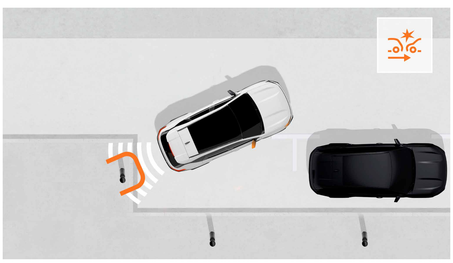

ACTIVE EMERGENCY BRAKING (AEBS)
This system prevents the risk of frontal collisions involving other vehicles, pedestrians or cyclists straight ahead and at junctions. It alerts the driver and can automatically brake the vehicle if necessary.

MULTIVIEW CAMERA
The multiview camera gives you more eyes! It provides front, rear and side views, helping you detect holes, rocks or obstacles that are not always easy to see, and making maneuvering easier.

OCCUPANT SAFE EXIT ALERT
To ensure that the driver or a passenger can open the door safely when the vehicle is stationary, whether the engine is running or switched off, a visual and audible warning is triggered if a danger suddenly appears on the road.

AUTOMATIC EMERGENCY BRAKING WHEN REVERSING
This system detects obstacles at the rear and stops the vehicle automatically in the event of danger.

MAIN EQUIPMENT

EXTERNAL DESIGN
- Steel wheels with 17" Kylia wheel trims
- Body coloured bumpers
- Black grain-effect door handles
- Black grain-effect door mirrors
- LED brand light
- Black fixed longitudinal roof bars
- ECO-LED front headlights and LED rear lights
- Dacia logo at the front and lettering on the rear moulding
- Starkle® lower door, roof arch and lower bumper protection

INTERIOR DESIGN
- Steel grey air vent decorative trim
- Black interior door handles
- Special black plain fabric upholstery
- Grey and black fabric dashboard

ON-BOARD EXPERIENCE
- Manual air conditioning
- 7" LightVisio dashboard display
- Media Display: multimedia system with 10.1" touchscreen, radio, smartphone mirroring via USB cable or wireless via Wi-Fi, Bluetooth® telephone system, 4 speakers and Remote services Pack
- Low centre console
- 1/3-2/3 split folding rear bench seat
- Heated electric door mirrors
- One-touch electric windows at the front and the rear
- Adjustable steering wheel
- Height-adjustable driver's seat
- 5 YouClip® attachment points
- Remote central door locking
- Foldable key
- Electric power steering
- Luggage space cover
- Manual parking brake

SAFETY AND DRIVING AIDS
- Adaptive cruise control
- 6 airbags (front airbags for the driver and passenger, side airbags and curtain airbags)
- ABS / AEBS / LKA / LDWS / DDAW / ISA / EBA / ESP / ACC(1)
- Automatic headlighting
- ECO-Mode, Stop & Start and gear change indicator
- Isofix mounting system on rear side seats
- Tyre inflation kit
- Cruise control / speed limiter and steering wheel controls
- Rear view camera and rear sensors

OPTION
- Metallic paint

(1) ABS: anti-lock braking system / AEBS: advance emergency braking system with pedestrian and cyclist detection / LKA: lane keeping assist / LDWS: lane departure warning system / DDAW: driver drowsiness attention warning system / ISA: intelligent speed assistance (traffic sign recognition with speed alert) / EBA: emergency brake assist / ESP: electronic stability programme / ACC: adaptive cruise control.

CONFIGURE AND ORDER

DACIA ROOF BOX ON ROOF BARS AND SIDE STEPS
Gain extra storage space without compromising on style: the 480-litre Dacia roof box combines elegant design, aerodynamics and practicality. QuickFix roof bars can be fitted without tools, allowing you to easily transport a roof box, bike racks or skis. The aluminium side steps complete the look by making it easier to access the roof, whilst enhancing its style.

FILTERING SUNSHADE FOR THE PANORAMIC SUNROOF
Improve on board confort. Easy to install, this sunshade effectively filters out heat and sunlight.

EASYFLEX MODULAR BOOT PROTECTION
Protect your boot effectively with the Easyflex protection. Non-slip and waterproof, it adapts to the rear seat configuration (40/60) and unfolds to cover the entire loading area. Ideal for carrying bulky or messy items.

DACIA PREMIUM TEXTILE FLOOR MATS AND ILLUMINATED FRONT DOOR SILLS
Protect and enhance the interior of your Dacia Striker for years to come. Tailor-made and easy to maintain, the premium textile floor mats provide effective cabin protection thanks to their high-quality carpet made with 76% recycled materials. Every time the doors are opened, Dacia's illuminated front door sills add a touch of style whilst protecting the car's doorways.

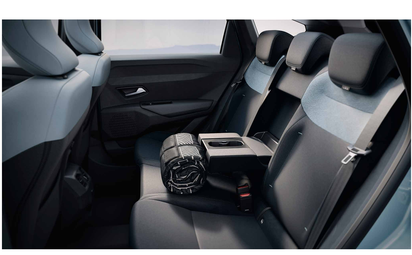

CAR SEAT FOR PETS UP TO 15 KG AND SAFETY LEAD
Ensure your pet travels in comfort and safety on every journey. Stylish, practical and easy to fit, the Dacia car seat ensures its safety while protecting your car's upholstery. Thanks to its versatile design, it can be used both on the road and at your destination. Choose the leash, which can be secured in the car using the seatbelt anchor point or the Isofix mounting, and it is also ideal for outdoor activities.

YOUCLIP® – MULTIFUNCTIONAL STORAGE BAG
Keep your essentials organized and always within reach. Easy to attach inside the passenger compartment or in the boot, this storage net – made from 25% recycled materials – keeps your belongings organised while you're on the move. It also converts into a handy carry bag in an instant.

YOUCLIP® – BOTTLE BAG WITH CARABINER
Keep your drink within easy reach at all times, whether on board or outdoors. The integrated carabiner makes it easy to take it with you from the vehicle to your activities. Made from 70% recycled material, it combines practicality, versatility and a more sustainable approach.

YOUCLIP® – KIDS BLANKET WITH RACE TRACK MOTIF
Bring comfort and fun to your children's journeys. Featuring a playful racing circuit design and made from a soft, warm fabric containing 40% recycled materials, this cozy blanket attaches in seconds to the YouClip® mounting points, making it the perfect companion for all your adventures.

Every precaution has been taken to ensure that the contents of this brochure were accurate and up to date at the time of its release. This document was created using pre-production models and prototypes. In line with its policy of continuous product improvement, Dacia reserves the right to modify the specifications, vehicles and accessories described and featured at any time. Any such modifications are communicated to Dacia dealers as quickly as possible. Depending on the country of sale, versions may differ and some equipment may be unavailable (standard, optional or accessories). Please consult your Dacia brand representative for the latest information. Because of the limitations associated with the medium, the colours featured in this document may differ slightly from those of the actual paintwork or interior trim. All rights reserved. Reproduction in any format and by any means of all or part of this brochure is prohibited without prior written authorisation from Dacia.
